Description

Something more than this:
<http://irc.tikiwiki.org/>

There is a start but can it handle the volume of data we produce?
http://tikiwiki.org/tiki-view_irc.php

The level of integration (all, some or none) with Tiki is to be discussed.

Related/similar software:
<http://colas.nahaboo.net/software/irclogger/>
<http://ircbrowse.com/>
<http://tools.splitbrain.org/irc/wikiohana/>

An RSS feed would be nice.

And some stats:
<http://pisg.sourceforge.net/>

Solution

Partially done with IRC logger.

Leaving wish pending until we have tighter integration (combine UI, search, etc.)
